

Leadership Team
Cornerstone Preparatory Academy

Dear Parents and Students,

The purpose of the High School Leadership Team at Cornerstone Prep is fourfold:

- to learn and display Biblical concepts and character traits of servant leadership
- to practice skills based on Biblical leadership skills in the context of performing service projects planned and implemented by the students
- to practice Biblical leadership skills in the context of planning and executing social events
- to pray diligently for the school, its students and staff

For the 2009-2010 school year, we will be adding one boy and one girl from the 9th grade class and one boy and one girl from the 10th grade class. Rising juniors and seniors may also apply.

If this is an opportunity which interests you, please stop by the academic office and pick up an application form and two reference forms. The application and reference forms are due back by April 24. Applicants must have a teacher reference from Cornerstone and a spiritual reference from a youth pastor, senior pastor, or Sunday School teacher. Please provide an addressed, stamped envelope for your spiritual references to mail their forms in to Cornerstone. Teacher forms should be placed in a sealed envelope and put in Mrs. Franklin's box.

Once the applications and references have been received, each applicant will be interviewed, and a faculty committee will choose those who will serve on the team for this coming school year. The decisions will be made by May 8.

We look forward to expanding our ministry here for the coming school year. Exciting days are ahead!

Sincerely,

Pat Franklin
Academic Dean
Faculty Advisor for the Leadership Team
